Shorewood Press

In our last newsletter we touched on Salvador Dali's connection to the State of Israel and in this newsletter we want to talk a little bit about the publisher Shorewood Press in New York as the publisher of three of the most beautiful portfolios of Dali lithographs including "Aliyah". They also published "Marquis de Sade" and "Carmen".

As Pure As Her Heart,
Marquis de Sade Suite

Each of these portfolios contain 25 colorful lithographs done from original gouaches (We see the word gouache quite often--this is an opaque watercolor which is excellent in transferring to lithographic works). In addition to the lithographs there are also extensive pages devoted to the history of each.

Orah, Horah, Aliyah Suite

The individual lithographs in each set are beautiful but the entire story and value comes from the set in entirety--especially "Aliyah".

In our next little newsletter we will talk about the magnificent "Carmen" portfolio in detail.
