Salvador Dali: The Carmen Suite

The Carmen portfolio of 25 lithographs after original gouaches is one of the most beautiful sets of graphics done by the late Spanish Surrealist. Published in 1970 by Shorewood Press, the portfolio is in red with bold gold lettering with Dali in black.

Once you open the box you see pages of the interpretation of Bizet's famous opera that inspired this set as well as black and white images of all 25 pieces broken down into acts.

Once you go through this then you see the actual lithographs printed on Arches paper, all signed by Salvador Dali and numbered - my set is a collaborator's copy and very rare. One image is more beautiful than the next. We do have some individual pieces for sale so please visit our web site at <http://www.daliartweb.com> . ENJOY!

These images appear in two authoritative books on the work of Salvador Dali: Michler-Lopsinger Catalog Raisonné of Prints II, Lithographs and Woodcuts 1956 – 1980, pages 139 thru 141; and The Official Catalog of the Graphic Works of Salvador Dali, by Albert Field of the Salvador Dali Archives, pages 159-161.
